Projects: Assesment and Certifications, UI for Test Report, Data Workbench

1. Assesments and Certifications

- **Crafted sleek, responsive interfaces using React.js, SASS, and MUI, and Tailwind CSS**, inspired by Figma designs to deliver a visually appealing and user-friendly experience. .
- **Harnessed the power of Redux Toolkit** to efficiently manage application state, ensuring accurate tracking of user progress and certification outcomes.
- **Developed dynamic forms with Formik**, providing smooth and robust input validation, while leveraging Tailwind CSS for fast, customizable styling. .
- **Integrated APIs seamlessly using Axios**, enabling real-time data interaction and enhancing overall application performance.

2. UI For Test Report

- **Engineered and maintained responsive user interfaces** with React.js, MUI, Tailwind CSS, and SASS, delivering a seamless and engaging user experience.
- **Created dynamic, data-driven doughnut charts using Chart.js**, providing clear and interactive visualizations of test data.
- **Optimized application state management with Redux Toolkit**, efficiently handling data flow and implementing advanced filter and search functionalities.
- **Leveraged Axios** for seamless API integration, ensuring real-time data updates and smooth user interactions.
